2024 Proxy Statement

 **nerdwallet.**

April 2, 2024

Fellow Shareholders:

In 2023, we made significant progress toward turning NerdWallet's vision—a world in which everyone makes financial decisions with confidence—into a reality. Across the business, we looked for new opportunities to help more people in more ways, from continuing our expansion in new markets like Canada and Australia to extending our footprint to financial categories relevant to older adults like Medicare and estate planning. We also launched several consumer-first products and experiences, like NerdUp by NerdWallet, which is a secured credit card designed to help no-file, thin-file, and sub-prime consumers build their credit.

None of this would be possible without the Nerds: Their passion, acumen, and creativity are evident in everything from the NerdWallet app to our marketplaces to our advertising campaigns to our Smart Money podcast. They remain our most valuable resource, and we invest in their experience accordingly, with the goal that NerdWallet is a place where every Nerd has their chance to create change.

Many of the Nerds cite our vision as one of the primary reasons for joining NerdWallet: They are energized by the opportunity to influence society for the better. While they do this every day through their work, their drive inspires us to think beyond our direct business impact. We continued to extend our influence to the broader community through Corporate Social Responsibility (CSR) efforts. In 2023, we hosted two company-wide Nerds Pay It Forward Days, during which Nerds from across the organization spent over 1,800 hours volunteering for causes they care about. In addition, through our Financial Equity Pledge, we renewed our \$2 million deposit into Self-Help Federal Credit Union, a community development credit union (CDCU) that provides economic opportunity for underserved communities.

You can read more about our employee programs and CSR initiatives, as well as the progress we've made towards our Environmental, Social, and Governance commitments, in our proxy statement, as well as on our website.

With this context, I am looking forward to hosting our Annual Meeting on May 14, 2024. At the meeting, you will have a chance to vote on the matters set forth in the accompanying Notice of 2024 Annual Meeting of Stockholders and Proxy Statement.

Your vote is important! Even if you plan to attend the Annual Meeting, please vote by internet, telephone or mail as soon as possible to ensure your vote is recorded promptly. The instructions set forth in the Notice of Internet Availability of Proxy Materials, proxy card or voting instruction card explain how to vote your shares.

On behalf of the Board of Directors, thank you for your continued support and confidence.

Sincerely,

TIM CHEN
Chief Executive Officer and Chairman of the Board

About NerdWallet

Business Overview

At NerdWallet, we empower consumers—both individual consumers and small and mid-sized businesses (SMBs)—to make smarter financial decisions with confidence via our digital platform. Technology has changed the way consumers manage their financial lives, making them more comfortable with comparing and shopping for financial products online. This change has accelerated with the dramatic growth in companies offering innovative financial products. At NerdWallet, we are leveraging this transformation to democratize access to trustworthy financial guidance—ultimately helping to improve the financial well-being of consumers and the financial services industry as a whole. As the financial services industry becomes more fragmented and complex, we believe the need for trustworthy and knowledgeable financial guidance increases. Our objective remains the same: serve as a trusted financial ecosystem that consumers and SMBs can rely on to learn about various financial topics, shop for products, connect their data and receive data-driven nudges.

We deliver guidance to consumers through educational content, tools and calculators, product marketplaces and the NerdWallet app. Our platform delivers unique value across many financial products, including credit cards, mortgages, insurance, SMB products, personal loans, banking, investing and student loans, and has grown to include the United Kingdom (UK), Canadian and Australian markets, with further international expansion as an opportunity for future growth. Across every touchpoint, the cornerstone of our platform is our consumers' trust in the independent, objective and relevant guidance we provide.

This trusted guidance has helped us build a large, loyal and well-informed audience of consumers who turn to us as a resource for many of their money questions and to shop for the best financial products for them. We then use machine learning to present personalized options using aggregated and scalable information. As a result, we have become an attractive partner for financial services providers wanting access to high-value consumers—consumers who might not otherwise trust these financial services providers' recommendations because their guidance is inherently biased toward their own products.

By operating at the intersection of consumers and financial services providers, NerdWallet drives value for both. Through our platform, our financial services partners can reach a substantial audience—we had 23 million Monthly Unique Users (MUUs) per month on average in 2023. After doing research on our platform, these consumers are better informed about the financial decision they're about to make and often primed and ready to transact. When consumers are more informed about their financial options, they make the appropriate decisions for their needs with confidence, increasing their lifetime value to financial services providers as customers. We have also received feedback from our financial services partners that our users' approval rates can be significantly higher than those applying through other channels. Plus, as consumers' smart money moves expand their options, they are eager to explore additional opportunities and products they become eligible for, driving further demand for NerdWallet's financial services partners. To meet the standards of more informed consumers, financial services providers in turn must engage in healthy competition for consumer mindshare and develop better financial products, further improving the outcomes for consumers.

NerdWallet's ability to serve consumers and financial services providers hinges on our position as an independent, unbiased resource. The core strength of our platform is the trust that we build with consumers and the tailored and personalized recommendations we deliver via our data science models. Our consumer-first values and consumer-centric mission permeate everything we do and have been key to building and maintaining trust—it's the "consumer, company, team, self" value that guides our decision making and product development. Across the company, Nerds engage every day with our values and mission to democratize trusted, accessible guidance and tools, leveling the playing field for everyone.

These values will benefit us over the long-term as we build on our leadership as the place consumers turn to first for financial guidance. We have already achieved massive, top-of-funnel reach. By adhering to our consumer-first value, we will not only empower consumers to make better financial decisions, but also help our financial services partners more effectively find new customers well-suited to their products.

The cornerstone of our platform is consumer trust in the independent, objective, and relevant guidance we provide. Given it is incredibly difficult for any one person to be deeply knowledgeable across all areas of personal finance, we have a 100+ person editorial team that functions as the "brains" behind our guidance. Our writers and editors, who have joined us from notable publications, cover specific verticals day in and day out, and, as a result, are deeply knowledgeable about the financial areas they cover, producing high-quality and award-winning guidance. The work of our editorial team as a whole is not only a key reason consumers trust our brand and turn to us for many of their financial questions, it is also the foundation of our personalized guidance and our "nudges." The guidance developed by our editorial team is codified by our product team to create the insights surfaced across our platform. It's through this unique combination of human-powered guidance and machine learning capabilities that we can provide consumers with high-quality and personalized insights.

This trusted guidance has enabled us to build a large, well-informed audience, many of whom are ready to transact. Accordingly, we have become an attractive partner for financial services providers wanting to reach these high-value consumers. Today, our platform stretches across many financial products, including credit cards, mortgages, insurance, SMB products, personal loans, banking, investing and student loans.

Our platform aligns the interests of consumers and SMBs seeking financial guidance and products with the financial services providers that offer these products. A successful initial experience often leads to follow-up activity on our platform and we believe it also leads to higher customer lifetime value for the financial services providers. This alignment of interests, enabled by our unbiased and trusted guidance, benefits consumers, the financial services partners and NerdWallet.

Human Capital Management

NerdWallet is defined by its vision: a world where everyone makes financial decisions with confidence. We attract people who are passionate about bringing our mission to life and inspired by the possibility of making real change—to brighten futures, ask hard questions, usher in solutions and provide our consumers with clarity and confidence. As of December 31, 2023, we had over 730 full-time employees, of which approximately 95% are located throughout the United States and 5% are located internationally.

Our Employees and Our Culture

Our Nerds are the key to our success and the reason we believe we will achieve our mission. They are also one of our most crucial areas of investment. Our remote-first culture allows us to reach, attract and retain more diverse talent across all levels of our

organization. Attracting and retaining highly-skilled, diverse talent is a key component of our burgeoning diversity, equity, inclusion and belonging efforts, and is absolutely critical to our success as a business and to fully realizing NerdWallet's mission. Once employees are at NerdWallet, we invest in their well-being and development: We offer competitive compensation and benefits, as well as opportunities for career growth. For more information on how we invest in our Nerds, please see the section titled "Investing in Our Nerds" in the ESG discussion in this proxy statement.

At the core of our Nerdy culture are our values. They're not just words written on a wall or printed on t-shirts, but lived and breathed every day by every Nerd: (1) Consumer, Company, Team, Self; (2) Relentless Self-Improvement; (3) Ownership; (4) Informed Risk-Taking; and (5) Open, Candid and Constructive. We measure employee performance against these company values and measure employee engagement through surveys and participation at all-hands and town hall style meetings with leadership. We're consistently recognized as a *Fortune* "Best Place to Work" due to our competitive employee benefits, commitment to employee growth and empowerment, and our flexible workplace environment.

Environmental, Social, and Governance (ESG)

Our mission, to provide clarity for all of life’s financial decisions, is rooted in our belief that both individual consumers and SMBs should be empowered to make financial decisions with confidence. As a mission-driven, consumer-first company, we have long had a company culture oriented towards being responsible and socially conscious. Our commitments are a natural extension of our mission and while ESG considerations have been part of the NerdWallet story since our inception, our ESG reports allow us to articulate our vision and priorities clearly, and ensure we hold ourselves accountable for progress on critical ESG initiatives.

Our ESG strategy is founded on three pillars:

- Achieving Our Vision, or the work we do to create a world in which everyone makes financial decisions with confidence. We know that not everyone has access to the information they need to make confident decisions, that not everyone is adequately served by financial incumbents, and addressing these inequities is endemic to our DNA.
- Investing in Our Nerds, or the work we do to provide our talented Nerds with an equitable and inclusive workplace in which they can thrive professionally and personally. Our Nerds are eager to make an impact, and we want to empower them in pursuit of our shared and individual goals.
- Building a Socially Responsible Business, or the work we do to ensure that our business practices protect and improve the lives of our consumers, our Nerds, and our wider world.

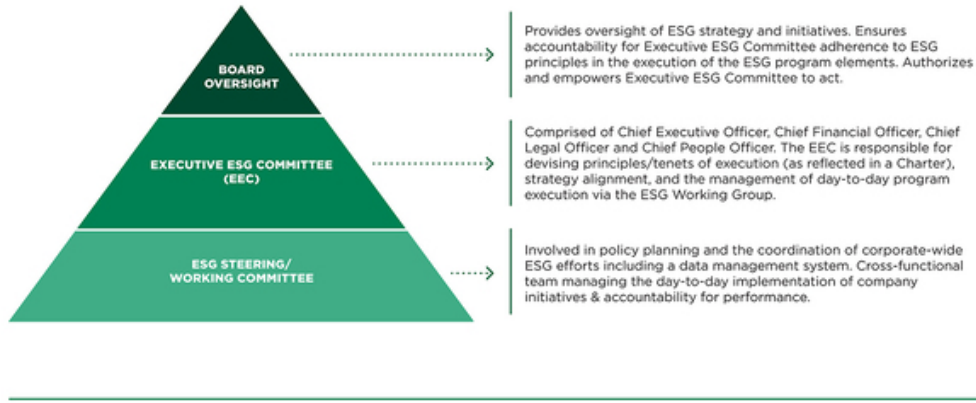

In 2023, we published our second annual ESG report, outlining our corporate social responsibility programs, diversity, equity, and inclusion efforts, and our first environmental and sustainability strategy. You can find the report at <https://www.nerdwallet.com//environmental-social-governance>.

Below are additional highlights from our 2023 report.

- We hired an expert consulting firm to ensure we’re laying a strong foundation and communicating credible environmental and sustainability measurements. This firm analyzed our energy use and greenhouse gas (GHG) emissions across our facilities and our value chain—this includes our Scope 1, 2, and 3 emissions.
- We remain committed to our Financial Equity Pledge and renewed our \$2 million deposit into Self-Help Federal Credit Union, a CDCU that provides economic opportunity for underserved communities.
- We’ve given a total of \$235,000 in grants—\$125,000 to Inclusiv, a network of CDCUs, and launched the first-ever grant program led by our Employee Resource Groups. In total, our five ERGs received \$110,000 to direct toward organizations that align with their missions.
- During 2023, NerdWallet employees volunteered over 1,800 hours for the causes they care about.

Board Oversight of ESG

Our Board is committed to overseeing NerdWallet's efforts to integrate ESG principles and practices throughout the organization and the development of an ESG strategy. Our Board is responsible for managing the development and execution of our ESG strategy. In 2022, the Board formed an Executive ESG Committee that is responsible for developing the principles of execution, strategy alignment and management of the ESG Working Group. Our ESG Working Group is comprised of delegates representing a cross-section of our organization, including members of our human resources, legal, information technology, investor relations and financial teams, and is involved in policy planning, day-to-day implementation and the coordination of corporate-wide ESG efforts, and is overseen by the Executive ESG Committee. An overview of our structure and breakdown of responsibilities can be found below.

As we continue to implement and evolve our ESG efforts, we're committed to sharing our progress. Our most recent ESG report can be found here: <https://www.nerdwallet.com//environmental-social-governance>

Human Capital Management Highlights

Our Culture and Engagement. Core to our culture is our commitment to our values; (1) Consumer, Company, Team, Self; (2) Relentless Self-Improvement; (3) Ownership; (4) Informed Risk-Taking; and (5) Open, Candid and Constructive. We measure employee performance against these company values and measure employee engagement through surveys, and participation at all-hands and town hall-style meetings with leadership.

Compensation and Benefits. NerdWallet offers market-competitive compensation and benefits to attract employees and a pay-for-performance philosophy to engage and retain our employees. We want our employees to feel invested in the future of NerdWallet by offering most full-time employees equity-based compensation upon hire and through annual performance equity grants. We are Fair Pay Workplace certified and in 2023 we rolled out our global pay transparency initiative, disclosing salary ranges on our job postings and individual salary ranges to employees.

Pay Equity. We use a third party platform to analyze our employee salaries for gaps based on race or gender. This analysis happens at least twice a year during our compensation cycle, and we take action when discrepancies emerge.

Diversity, Equity, Inclusion, and Belonging. At NerdWallet, we aspire to provide people with the confidence they need to live their best lives—however they identify. For our consumers, this means building their financial confidence. For our Nerds, this means fostering an inclusive culture that allows all Nerds to be their authentic selves, grow their skills, contribute, and thrive with the confidence of belonging. Our diversity, equity, inclusion and belonging (DEIB) efforts are centered around ensuring we are building a diverse organization across all business aspects and creating an inclusive culture where everyone is engaged and has access to opportunities.

Board Matters

Director Nominations and Appointments

Our Board seeks members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. In assessing director candidates to fulfill the foregoing, our Board considers those factors it deems appropriate in the context of the needs of the Company and the overall composition of our Board. These factors include the individual's age, skills, diversity of experience and other background (including gender and race/ethnicity), demonstrated leadership, the ability to exercise sound judgment and, as applicable, independence. Our Board selects nominees for election as directors at each annual meeting of stockholders. Our Board evaluates candidates to fill any vacancies during the year on a similar basis.

Our Board considers candidates from any reasonable source, including recommendations from our existing directors, management, stockholders and any third-party search firms engaged, and does not evaluate candidates differently based on the source of the recommendation.

Stockholders may recommend director candidates for consideration by our Board by giving written notice of the recommendation to the Corporate Secretary, mailed to: 55 Hawthorne Street, 10th Floor, San Francisco, California 94105.

Director Qualifications—A Balanced, Skilled Board Serving the Long-Term Interests of the Company and Its Stockholders

Our Board believes that all Board members should possess all of the following personal characteristics:

- Integrity: Directors should demonstrate high ethical standards and integrity in their personal and professional dealings;
- Accountability: Directors should be accountable for their decisions as directors;
- Judgment: Directors should possess the ability to provide wise and thoughtful counsel on a broad range of issues;
- Responsibility: Directors should interact with each other in a manner which encourages responsible, open, challenging and inspired discussion; and
- High Performance Standards: Directors should have a history of achievements that reflects high standards for themselves and others.

The Company believes that each of the directors nominated has a reputation for strong character and integrity and that our directors have worked cohesively and constructively with each other and with management of the Company. Further, the directors have each demonstrated business acumen and an ability to exercise sound judgment.

Our Board also reflects a broad array of knowledge, experience, skills, backgrounds and other attributes, including diversity, as described under "Proxy Summary—A Highly Diverse and Skilled Board."

Director Independence and Impact of Controlled Company Status

Our shares of Class A common stock are listed on the Nasdaq Global Market. We are a “controlled company” under the Nasdaq Listing Rules because Tim Chen, our Chairman and Chief Executive Officer, and his affiliated trusts control a majority of the voting power of our outstanding capital stock. Given our Board’s size, nominating and governance matters are addressed by the full Board instead of by a select committee. However, we have an Audit Committee composed solely of independent directors as required by Nasdaq Listing Rules. Furthermore, our Board has also determined to have a Compensation Committee (although we are not required to have one) also composed of independent directors. If at any time we cease to be a “controlled company” under the Nasdaq Listing Rules, our Board will take all action necessary to comply with the applicable rules of the Nasdaq stock exchange, including establishing certain committees composed entirely of independent directors, subject to a permitted “phase-in” period.

Our Board recently undertook its annual review of director independence in accordance with the applicable Nasdaq Listing Rules. The independence rules include a series of objective tests, including that the director is not employed by us and has not engaged in various types of business dealings with us. In addition, our Board must make a determination as to each independent director that no relationship exists which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board reviewed and discussed information provided by the directors regarding each director’s business and personal activities as they may relate to us and our management.

Our Board has determined that each of Mses. Ceran and Laube and Messrs. McBride and Taylor are “independent directors” as such term is defined by the applicable Nasdaq Listing Rules. In addition, after considering all of the relevant facts and circumstances, our Board has determined that each of: (1) Mses. Ceran and Messrs. McBride and Taylor for purposes of service on our Audit Committee, and (2) Ms. Laube and Mr. McBride, for purposes of service on our Compensation Committee, qualifies as “independent” in accordance with the additional independence rules established by the SEC and Nasdaq for such committees.

Family Relationships

There are no family relationships among any of our executive officers or directors.

Oversight by Our Board of Directors

Our Board has general oversight responsibility for the business and affairs of the Company. The directors, in exercising their duties, represent and act on behalf of the stockholders. Our Board serves as the ultimate decision-making body of the Company, except for those matters reserved to (or shared with) our stockholders. Our Board is responsible for overseeing management, which is, in turn, responsible for the day-to-day operations of the Company. Although our Board does not have responsibility for our day-to-day management, it stays regularly informed about our business and provides guidance to management through periodic meetings and other informal communications. Our Board’s primary areas of focus include strategy, finance, leadership development, risk management, along with ESG, as well as evaluating management and guiding changes as circumstances warrant. As described below, significant additional responsibilities are delegated to committees, which report to our Board on their activities and actions on a regular basis. The committees include our Audit Committee and Compensation Committee. Our Board and its committees perform an annual self-performance review.

Board Leadership Structure—Balanced Leadership Among Chief Executive Officer and Empowered Independent Directors

Our Board operates under the leadership of our Chairman and Chief Executive Officer, Tim Chen. Our Board believes that combining the roles of Chairman and Chief Executive Officer at this time fosters accountability, effective decision-making and alignment between the Board and our senior management. Our Board believes that Mr. Chen, as a Company executive, co-founder and our controlling stockholder, is best suited to serve as Chairman and guide the strategic priorities of the Company in light of his substantial experience, and his in-depth knowledge of our Company and industry. In addition, our Board believes Mr. Chen is uniquely well-positioned to leverage the in-depth knowledge and perspective gained in his executive capacity to lead the Board and to utilize these powers effectively to best serve the Company and our stockholders.

Our Board has carefully considered its leadership structure and believes that the Company and its stockholders are best served by maintaining the flexibility to have any director serve as Chairman and periodically evaluate whether to have an independent lead director. Our Board recognizes the increasing utilization of non-executive chairpersons and lead directors in many public companies. However, our Board believes its current leadership structure is most appropriate for us as a controlled company and best serves the stockholders of the Company.

There is no "one size fits all" approach to ensuring independent leadership. Our Board believes that its four independent directors are empowered, deeply engaged and provide significant independent leadership and direction given their executive and Board experience. The independent directors are members of our Audit and Compensation Committees, which collectively oversee critical matters of the Company. When our non-management or independent directors meet in executive sessions, our Audit Committee chair generally presides over such sessions. The independent directors further have access to independent advisors as they deem appropriate.

Meetings of our Board and Committees

Our Board and committees meet throughout the year at regularly scheduled meetings and informational sessions, and also hold special meetings and act by written consent as appropriate. The non-management directors hold executive sessions to meet without management present, generally at regularly scheduled Board meetings as well as other times that such directors deem necessary or appropriate. The independent directors meet in executive session at least once per year.

Directors are expected to attend the annual meeting of stockholders, Board meetings and meetings of committees on which they serve. We permit participation by telephone or videoconference, which is deemed attendance for all meetings.

In 2023, our Board met 5 times and our committees met an aggregate of 12 times. All directors attended 75% or more of the Board's meetings and the meetings of the committees on which they served held during the period in which they served.

Standing Committees of Our Board with Significant Responsibilities

Our Board has delegated various responsibilities and authority to two Board committees: our Audit Committee and Compensation Committee. Each committee operates under a written charter approved by our Board, which is reviewed periodically by the respective committee and is available on the Governance tab of our investor relations website located at <https://investors.nerdwallet.com>. The table below sets forth the current membership of our Board committees and the number of meetings held by each committee in 2023.

Audit Committee

Our Audit Committee consists of Ms. Ceran and Messrs. McBride and Taylor. Our Board has determined that Ms. Ceran and Messrs. McBride and Taylor satisfy the independence requirements under the Nasdaq Listing Rules and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934 (the "Exchange Act"). The chair of our Audit Committee is Ms. Ceran. Our Board has determined that each of Ms. Ceran and Mr. McBride is an "audit committee financial expert" within the meaning of SEC rules. Each member of our Audit Committee can read and understand fundamental financial statements in accordance with applicable requirements. In arriving at these determinations, our Board has examined each Audit Committee member's scope of experience and the nature of their employment.

The primary purpose of the Audit Committee is to discharge the responsibilities of our Board with respect to our corporate accounting and financial reporting processes, systems of internal control and financial statement audits, and to oversee our independent registered public accounting firm. Specific responsibilities of our Audit Committee include:

Compensation Committee

Our Compensation Committee consists of Ms. Laube and Mr. McBride. The chair of our Compensation Committee is Ms. Laube. Our Board has determined that each of Ms. Laube and Mr. McBride is independent under the Nasdaq Listing Rules, and a “non-employee director” as defined in Rule 16b-3 promulgated under the Exchange Act. Although we are a “controlled company” under the Nasdaq corporate governance rules and not required to have a compensation committee consisting solely of independent directors, our Compensation Committee is composed solely of independent directors. Our Compensation Committee is advised by Compensia, our independent executive compensation consultant.

The primary purpose of our Compensation Committee is to discharge the responsibilities of our Board in overseeing our compensation policies, plans and programs and to review and determine the compensation to be paid to our executive officers, directors and other senior management, as appropriate. Specific responsibilities of our Compensation Committee include:

- reviewing and recommending to our Board the compensation of our chief executive officer and other executive officers;
- reviewing and recommending to our Board the compensation of our directors;
- administering our equity incentive plans and other benefit programs;
- reviewing, adopting, amending and terminating incentive compensation and equity plans, severance agreements, profit sharing plans, bonus plans, change-of-control protections and any other compensatory arrangements for our executive officers and other senior management; and
- reviewing and establishing general policies relating to compensation and benefits of our employees, including our overall compensation philosophy.

Board and Committee Responsibilities for Risk Oversight

Our Board has an oversight role, as a whole and also at the committee level, in overseeing management of the Company's risks. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, our entire Board is regularly informed through committee reports about such risks. Our Board oversees our risk management primarily through the matters noted below.

Our Board and its committees have been, and continue to be, prepared to commit the necessary resources and time to oversee the management of critical matters of the Company, including in times of an actual or potential crisis.

Tailored Corporate Governance Policies to Ensure Integrity and Ethical Conduct

Our Board has adopted tailored governance practices appropriate for our public company status. Our policies align our corporate governance structure and our business strategy and culture, and enable our Board to effectively oversee our culture of compliance and rigorous risk management.

Copies of our Corporate Governance Guidelines and our Code of Business Conduct are available under the Governance tab of our website at <https://investors.nerdwallet.com>.

Code of Business Conduct—Establishing A Culture of Compliance

In September 2021, our Board adopted a Code of Business Conduct. Our Code of Business Conduct applies to all of our directors, officers and employees and is intended to comply with the relevant listing requirements for a code of conduct as well as qualify as a "code of ethics" as defined by the rules of the SEC. The Code of Business Conduct contains general guidelines for conducting our business consistent with the highest standards of business ethics. We intend to disclose future amendments to certain provisions of our Code of Business Conduct, or waivers of such provisions applicable to any principal executive officer, principal financial officer, principal accounting officer and controller, or persons performing similar functions, and our directors, on our website at <https://investors.nerdwallet.com> or via a Current Report on Form 8-K.

Corporate Governance Guidelines—Establishing Core Principles of Governance

We believe that good corporate governance promotes the effective functioning of our Board and its committees and helps to ensure that the Company is managed for the long-term benefits of our stockholders. We regularly review and consider our corporate governance policies and practices, the SEC's corporate governance rules and regulations, and the Nasdaq Listing Rules. In September 2021, our Board adopted our Corporate Governance Guidelines to provide a framework for the governance of the Company as a whole and describe the principles and practices that our Board follows in carrying out its responsibilities.

Such Corporate Governance Guidelines will be regularly reviewed by our Board to ensure that they effectively promote the best interests of both the Company and our stockholders and that they comply with all applicable laws, regulations and Nasdaq Listing Rules. The Corporate Governance Guidelines address, among other things, the size, composition, structure, leadership and policies of our Board and its committees, the responsibilities and authority of our Chairman and lead director (if any), director qualification standards, expectations and responsibilities of directors, management succession planning and the evaluation of Board performance.

Insider Trading Policy—Addressing Pledging and Hedging Guidance

We believe it is improper and inappropriate for any person to engage in short-term or speculative transactions involving our securities. We prohibit our officers, directors and employees from engaging in any of the following activities with respect to our securities:

- Pledging/purchases of securities on margin. Our officers, directors and employees are prohibited from pledging our securities as security for margin accounts.
- Short sales. Our Insider Trading Policy prohibits all officers, directors and employees from selling Company securities they do not own and borrowing the shares to make delivery.
- Buying or selling puts, calls, options or other derivatives in respect of our securities is prohibited. This prohibition extends to any instrument whose value is derived from the value of any of our securities.
- Hedging transactions. Our officers, directors and employees are prohibited from entering into hedging transactions.

Board Evaluation Process

Our Board believes it is important to assess its overall performance and the performance of our Board committees in order to serve the best interests of our stockholders and position the Company for future success. Beginning in 2022, our Board and each committee have conducted such annual evaluations to determine whether it and its committees are functioning effectively. Our Board will oversee the determination and implementation of an appropriate process and recommended activities in response to such findings.

Director Onboarding and Continuing Education—Connecting New Directors to the Company’s Unique Culture and Business, and Maintaining Key Expertise in an Evolving Regulatory and Business Landscape

Our Board oversees the Company’s orientation programs for new directors and continuing education programs for existing directors. Each new director, upon joining our Board, is provided with an orientation session regarding our Board and the Company’s operations. As part of this orientation, each new director has an opportunity to meet with members of senior management of the Company.

Directors are encouraged to participate in continuing education on various subjects that will assist them in discharging their duties. This may include seminars, conferences and other continuing education programs designed for directors of public companies.

Equity Awards

Our Compensation Committee approves all compensation decisions relating to all of our executive officers, including our Named Executive Officers. Our equity compensation to our Named Executive Officers consisted of an initial equity grant upon hire (other than Mr. Chen who did not receive equity awards until 2021), and annual grants thereafter (other than Mr. Yount). In connection with the closing of NerdWallet's acquisition of OTB in 2022, Mr. Yount was granted (i) a new hire award of restricted stock units (RSUs) with a grant date value of \$500,000 that vests over approximately four years, subject to a one-year vesting cliff (meaning none of the new hire award vested for approximately one year as measured from the vesting commencement date of the new hire award) and will generally vest quarterly thereafter, subject to continued service as of each vesting date and (ii) a retention award of RSUs with a grant date value of \$5.0 million that vest on the third anniversary of the vesting commencement date, subject to continued service through such date. Mr. Yount's equity grants were granted under our 2022 Inducement Equity Incentive Plan. Equity awards to our Named Executive Officers in 2023 (other than Mr. Yount who did not receive equity awards in 2023) consisted of a combination of RSUs and performance restricted stock units (PSUs). For additional information about these equity awards, see “—Outstanding Equity Awards At December 31, 2023” below. Our equity compensation is designed to ensure that our Named Executive Officers are incentivized to grow stockholder value and that their interests are aligned with our stockholders for the long term.

While we do not have formal stock ownership guidelines or requirements for our executive officers, we do strive to promote a culture of ownership. Our Chief Executive Officer and our Chief Financial Officer have agreed to retain holdings (vested and unvested) worth at least six times and four times their total annual cash compensation, respectively.

- 1st through 4th Quarterly Installment Date: No Vesting.
 - 5th Quarterly Installment Date: A number of shares subject to the award shall vest equal to the product of (i) the number of RSUs granted, multiplied by (ii) a fraction, (x) the numerator of which shall be the number of days that have elapsed since, and including, the vesting commencement date and (y) the denominator of which shall be one thousand four hundred sixty (1,460), rounded down to the nearest whole share.

- (7) The RSUs were granted to Mr. Yount under the NerdWallet, Inc. 2022 Inducement Equity Incentive Plan related to the Company's acquisition of OTB in July 2022. The RSUs vest in full upon the third anniversary of the vesting commencement date.

On March 19, 2024, the attainment of performance levels for fiscal year 2023 was certified by the Compensation Committee and 0% of these target awards were earned.

Potential Payments Upon Termination of Employment or Change in Control of the Company

Pursuant to our change of control and severance policy, which became effective as of June 16, 2021, Mr. Chen and Ms. StClair were eligible for the benefits described in this paragraph (which such benefits specifically supersede any prior agreements relating to such benefits). The policy has a term of three years, subject to automatic renewal unless terminated by the Company at least three months prior to the date on which the policy would otherwise renew. In the event of a termination without cause or resignation for good reason (a "Qualifying Termination"), each such officer, contingent on execution of a general release of claims against us, will be entitled to (i) a lump sum payment equal to (A) the amount of base salary that would have been earned during the severance period (at the rate in effect immediately prior to such termination prior to any reduction that triggered a resignation for good reason), plus (B) payment of the officer's target bonus, if applicable, assuming the bonus would have been earned at 100% of target, and prorated based on the number of calendar months completed in the performance period in which the termination occurs and (ii) to the extent the officer timely elects to receive continued coverage under our group healthcare plans, payment of, or reimbursement for, such coverage under COBRA, for up to the length of the severance period. The severance period will be six months; provided, however, that if such Qualifying Termination occurs during the period beginning 3 months prior to, and ending on the date that is 12 months following, a change in control of the Company (a Change in Control Termination), then the severance period will be 12 months. In addition, in the event of a Change in Control Termination, each such officer would also receive (x) if applicable, payment of the officer's annual target bonus assuming the bonus would have been earned at 100% of target, and (y) vesting of each of the officer's outstanding equity awards (excluding performance-based awards) as if the officer had completed an additional 12 months of continuous service beyond the termination date.

On March 15, 2023, we amended our change of control and severance policy to provide for the following: (i) in the event of a Change in Control Termination, each officer's unvested outstanding equity awards (excluding performance-based awards) will vest fully and (ii) in the event of a Qualifying Termination that is not a Change in Control Termination, such officer will no longer be eligible to receive a prorated target bonus.

Mr. Yount is not a participant in the Company's change of control and severance policy, but has certain severance and change of control benefits pursuant to the terms of his cash and equity retention agreements.

Pursuant to the cash retention agreement entered into with Mr. Yount, in the event that his employment with the Company or any of its subsidiaries terminates as a result of a Qualifying Termination prior to the third anniversary of the closing of the acquisition of OTB, and he (or his executor or representative in the case of his death) signs, and does not revoke, a release of all claims against the Company and its affiliates, in a form approved by the Company, within sixty (60) days following such Qualifying Termination, then the retention bonuses shall immediately be deemed earned as of the date of the Qualifying Termination, and the remaining retention bonuses that were not previously paid to him will be paid to him within seventy (70) days following such Qualifying Termination. A "Qualifying Termination" is defined as a termination of employment due to death, permanent disability, by the Company other than for cause, or resignation for good reason.

Pursuant to the retention RSU award agreement entered into with Mr. Yount, in the event that his employment with the Company or any of its subsidiaries terminates prior to the third anniversary of the date of grant as a result of the Company terminating his employment for any reason other than cause, or Mr. Yount's resignation for good reason, and he signs, and does not revoke, a release of all claims against the Company and its affiliates, in a form approved by the Company, within sixty (60) days following such Qualifying Termination, then the RSUs shall immediately vest in full on the date that such release becomes effective.

Other Compensation and Benefits

All of our Named Executive Officers are eligible to participate in our employee benefit plans, including our medical, dental, vision, life, disability and accidental death and dismemberment insurance plans, in each case on the same terms as all of our U.S.-based employees. In addition, we also offer our employees paid time off, a 401(k) plan, an Employee Stock Purchase Plan (ESPP), mental health services, commuter benefits, health and dependent care flexible spending accounts, and access to third-party service providers in the areas of legal and personal finance support. We generally do not provide perquisites or personal benefits to our Named Executive Officers that we do not offer to our other employees. During our year ended December 31, 2023, we paid or reimbursed our Named Executive Officers a stipend for wellness, career enrichment, cell phone costs and at-home internet, paid or reimbursed certain home office expenses, and provided certain service-based anniversary gifts to our employees with an accompanying gross-up.

We maintain a 401(k) plan that provides eligible U.S. employees with an opportunity to save for retirement on a tax advantaged basis. Eligible employees are able to defer eligible compensation up to certain Internal Revenue Code limits, which are updated annually. We have the ability to make matching and discretionary contributions to the 401(k) plan. Currently, we make matching contributions up to 4% of the employee's annual salary up to a maximum of \$330,000. The 401(k) plan is intended to be qualified under Section 401(a) of the Code, with the related trust intended to be tax exempt under Section 501(a) of the Code. As a tax-qualified retirement plan, contributions to the 401(k) plan are deductible by us when made, and contributions and earnings on those amounts are not generally taxable to the employees until withdrawn or distributed from the 401(k) plan.

Our Named Executive Officers did not participate in, or earn any benefits under, a nonqualified deferred compensation plan sponsored by us during the year ended December 31, 2023. Our Board may elect to provide our officers and other employees with nonqualified defined contribution or other nonqualified deferred compensation benefits in the future if it determines that doing so is in our best interests.

Our Named Executive Officers did not participate in, or otherwise receive any benefits under, any pension or retirement plan sponsored by us designated solely for executive officers during 2023.

In an effort to achieve our vision and mission statements internally, we offer an ESPP to all employees in the U.S. and abroad. The purpose of the ESPP is to attract new employees, retain current employees, and create a culture of ownership so that our employees are aligned with our longer term goals.

Transactions with Related Persons

Related Person Transactions Policy and Transactions with Related Persons

Our Board has adopted a Related Person Transaction Policy that sets forth the process by which our Audit Committee will identify, review, consider and approve or ratify transactions involving NerdWallet and any related person. A related person transaction is defined as a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which NerdWallet and any related person are, were or will be participants in which the amount involved exceeds \$120,000.

Our Audit Committee will consider all the relevant facts and circumstances deemed relevant by and available to the Audit Committee, including, but not limited to (a) the risks, costs, and benefits to NerdWallet, (b) the impact on a director's independence in the event the Related Person is a director, immediate family member of a director, or an entity with which a director is affiliated, (c) the terms of the transaction, (d) the availability of other sources for comparable services or products and (e) the terms available to or from, as the case may be, unrelated third parties or to or from employees generally. The Audit Committee will approve only those related person transactions that, in light of known circumstances, are in, or are not inconsistent with, the best interests of NerdWallet and its stockholders, as the Audit Committee determines in the good faith exercise of its discretion.

We require each of our directors and executive officers to complete an annual directors' and officers' questionnaire that elicits information about related person transactions. This process helps our Board determine whether any such related person transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

In 2023 there were no related person transactions and there are not currently any proposed related person transactions that would require disclosure under the SEC rules.

Compensation Recovery

Compensation Recovery Policy

As required pursuant to the listing standards of the Nasdaq Listing Rules, Rule 10D under the Exchange Act, and Rule 10D-1 under the Exchange Act, the Compensation Committee of the Board of Directors has adopted a Compensation Recovery Policy, effective October 2, 2023, which requires the Company to recover compensation erroneously awarded to any current or former Section 16 officer in the event of an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws, including any required accounting restatement to correct an error in previously issued financial statements that is material to the previously issued financial statements, or that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period. The Compensation Recovery Policy requires the Company to recover the incremental portion of the incentive-based compensation received by such officer within the applicable recovery period in excess of the amount that would have been paid or payable based on the restated financial results (without regard to any taxes paid), other than in limited circumstances in which an exception to such recovery applies.

For additional information regarding our Compensation Recovery Policy, please refer to Exhibit 97.1 included in the Company's Annual Report on Form 10-K for the year ended December 31, 2023.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth the beneficial ownership of our common stock as of March 15, 2024, the record date for the 2024 Annual Meeting, by:

- each person, or group of affiliated persons, who we know to beneficially own more than 5% of any class of our capital stock;
- each of our Named Executive Officers;
- each of our Directors; and
- all of our Executive Officers and Directors as a group.

The numbers of shares of common stock and percentages of ownership and combined voting power set forth below are based on 77,716,747 shares of common stock issued and outstanding, consisting of 46,031,095 shares of Class A common stock and 31,685,652 shares of Class B common stock as of March 15, 2024.

The amounts of common stock beneficially owned are reported on the basis of the regulations of the SEC governing the determination of beneficial ownership of securities. Under these rules, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. Audit Committee Report

Key Responsibilities of Oversight

On behalf of our Board, our Audit Committee provides independent oversight of:

- The reliability and integrity of the Company's accounting policies and financial statements;
- The Company's compliance with legal and regulatory requirements;
- The qualifications, scope of work, performance and independence of Deloitte & Touche LLP (Deloitte), the Company's independent registered public accounting firm;
- The performance of the Company's internal audit function and its system of internal controls;
- Compliance with the Code of Business Conduct and implementation and effectiveness of the Company's compliance and ethics programs;
- The Company's major financial risk exposures, and management's risk assessment and risk management policies; and
- The Company's cybersecurity matters.

Required Communications with Audit Committee

As part of its oversight of the Company's Annual Report on Form 10-K for the year ended December 31, 2023, our Audit Committee reviewed and discussed with management and Deloitte the Company's audited consolidated financial statements and related footnotes for the year ended December 31, 2023 and Deloitte's report on those financial statements. Our Audit Committee has discussed with Deloitte the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (PCAOB) and the SEC.

These required communications included Deloitte's perspective on the quality (not merely the acceptability) of the Company's accounting principles, the reasonableness of significant estimates and judgments made by management, and the disclosures in the audited consolidated financial statements, including the disclosures relating to critical accounting policies and critical audit matters addressed in Deloitte's audit report. Our Audit Committee also received the written disclosures and a letter from Deloitte required by the applicable requirements of the PCAOB regarding Deloitte's communications with our Audit Committee concerning independence. Our Audit Committee has discussed with Deloitte its independence with respect to the Company and has considered whether Deloitte's provision of non-audit services is compatible with its independence.

Audit Committee Recommendation

Based upon these reviews and discussions, our Audit Committee recommended to our Board that the Company's audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2023 to be filed with the SEC. Our Audit Committee also appointed Deloitte to serve as the Company's independent registered public accounting firm for the year ending December 31, 2024.

This report has been furnished by the members of our Audit Committee of our Board:

Audit Committee Matters

Pre-Approval Policies and Procedures

Our Audit Committee has the sole authority to review in advance, and pre-approve (which may be pursuant to pre-approval policies and procedures) all audit and non-audit services to be provided by the Company's independent auditors and to approve all related fees and other terms of engagement to ensure that the provision of these services do not impair the independence of the Company's independent audit firm from the Company and its subsidiaries.

All of the services rendered by Deloitte to the Company and its subsidiaries during 2023 were pre-approved by our Audit Committee.

Independent Registered Public Accounting Firm Fees

Our Audit Committee retained Deloitte to audit the Company's consolidated financial statements as of and for the years ended December 31, 2023 and 2022. The following table provides information regarding fees billed by Deloitte (i.e., Deloitte & Touche LLP) and other member firms of Deloitte Touche Tohmatsu Limited and their respective affiliates for the fiscal years ended December 31, 2023 and 2022, inclusive of out-of-pocket expenses (in thousands).

Proposal No. 2—Ratification of Appointment of Independent Registered Public Accounting Firm for 2024

Our Audit Committee has unanimously reappointed Deloitte as the independent registered public accounting firm to audit the Company's consolidated financial statements for the year ended December 31, 2024. Although stockholder approval is not required for such appointment, our Audit Committee will take the outcome of the vote on this proposal into consideration when appointing our independent registered public accounting firm in the future.

Deloitte served as the Company's independent registered public accounting firm during 2023 and, in that capacity, rendered a report on the Company's consolidated financial statements as of and for the year ended December 31, 2023. Deloitte has served as the independent auditor of the Company since 2015.

Support for Recommendation

In determining that retaining Deloitte for 2024 was in the best interests of the Company and its stockholders, our Audit Committee reviewed:

- Deloitte's performance on the Company's audit and non-audit work for the year ended December 31, 2023 and recent prior years, and management's assessment of such performance;
- Deloitte's qualifications, independence, capabilities and expertise, evident through its audit planning and reports, industry knowledge, resources and staffing, objectivity and professional skepticism;
- External data on audit quality and performance, including results of recent PCAOB reports on Deloitte and peer firms and improvements made from period to period;
- The terms of the audit engagement, including the reasonableness of audit and non-audit fees charged taking into account the breadth and complexity of services provided, as well as the efficiency achieved in performing such services;
- The quality of Deloitte's communications to and interactions with our Audit Committee at meetings and our Audit Committee Chair between meetings; and
- The benefits of having a long-tenured auditor and the institutional knowledge gained from prior years of engagement.

In accordance with SEC rules, the maximum number of consecutive years of service for lead and concurring review audit partners for public companies is five years. During 2023, the Audit Committee, after consultation with management, approved the appointment of a new lead audit partner effective for the audit for the year ending December 31, 2024.

Non-Binding Vote

Our Audit Committee is responsible for selecting the Company's independent registered public accounting firm, and stockholder approval is not required to appoint Deloitte as our independent registered public accounting firm. However, our Audit Committee will take the outcome of the vote on this proposal into consideration when appointing our independent registered public accounting firm in the future. Our Audit Committee may retain another independent registered public accounting firm at any time if it concludes that such change would be in the best interest of the Company's stockholders, even if the stockholders approve this proposal.

Inquiries of Deloitte & Touche LLP at Annual Meeting

We expect representatives from Deloitte will be present at the 2024 Annual Meeting. They will be available to respond to appropriate questions and may make a statement if they so desire.

Recommendation

Our Board unanimously recommends that you vote “**FOR**” the ratification of our Audit Committee’s appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2024.

Proposal No. 3—Approval of an Amendment to the NerdWallet, Inc. Amended and Restated Certificate of Incorporation

Background

Effective August 1, 2022, the State of Delaware amended Section 102(b)(7) of the Delaware General Corporation Law (the DGCL) to allow Delaware corporations to exculpate certain officers from personal liability for monetary damages for breach of fiduciary duty as an officer. Prior to such amendment, Delaware law permitted Delaware corporations to exculpate directors from personal liability for monetary damages associated with breaches of the duty of care, but that protection did not extend to a Delaware corporation's officers. Our stockholders are being asked to approve an amendment (the Amendment) to our Amended and Restated Certificate of Incorporation to include a provision therein that extends exculpation to certain officers of the Company, consistent with the amendment to Section 102(b)(7) of the DGCL. The Amendment was approved by our Board on December 13, 2023, subject to approval by our stockholders at the Annual Meeting. We refer to this proposal as the "Exculpation Proposal."

Why Stockholders Should Approve the Exculpation Proposal

In the absence of the exculpation of officers, and prior to the amendment to Section 102(b)(7) of the DGCL, stockholder plaintiffs have often employed a tactic of bringing certain claims against individual officers that would otherwise be exculpated if brought against directors in order to avoid dismissal of such claims. The amendment to Section 102(b)(7) of the DGCL addressed this inconsistent treatment between officers and directors and the related rising litigation and insurance costs for stockholders.

As amended, Section 102(b)(7) of the DGCL permits exculpation of officers only for direct claims brought by stockholders for breach of an officer's fiduciary duty of care, including class actions, and accordingly would not eliminate officers' monetary liability for breach of fiduciary duty claims brought by the Company itself or for derivative claims brought by stockholders in the name of the Company. Furthermore, consistent with the protections currently afforded to our directors under Article VI of our Amended and Restated Certificate of Incorporation, the Amendment would not limit the liability of officers for (i) any breach of the duty of loyalty to the Company or our stockholders, (ii) any acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law or (iii) any transaction from which the officer derived an improper personal benefit. The Amendment will generally align the protections available to officers with those currently available to directors and will not be retroactive to any act or omission occurring prior to its effective date. Further, the exculpation afforded by the Amendment would only apply to certain officers, namely a person who (during the course of conduct alleged to be wrongful) (a) is or was president, chief executive officer, chief operating officer, chief financial officer, chief legal officer, controller, treasurer or chief accounting officer; (b) is or was identified in the Company's public filings with the SEC as one of the most highly compensated executive officers of the Company; or (c) has, by written agreement with the Company, consented to be identified as an officer for purposes of accepting service of process.

As part of our Board's ongoing evaluation of the Company's corporate governance practices, our Board considered the potential benefits and detriments of eliminating the personal liability of its officers under certain circumstances. After such consideration, our Board believes the Exculpation Proposal is (i) consistent with the protections currently afforded in our Amended and Restated Certificate of Incorporation to directors and (ii) necessary in order to continue to attract and retain experienced and qualified officers, which is in the best interests of the Company and its stockholders. Our Board is not proposing the Exculpation Proposal in anticipation of any specific litigation confronting the Company. Rather, the Exculpation Proposal is being proposed on a prospective basis to help mitigate potential future harm to the Company and its stockholders. Accordingly, our Board believes the Amendment is in the best interests of the Company and its stockholders.

Text of Proposed Amendment to Our Amended and Restated Certificate of Incorporation

We accordingly propose to amend Section A of Article VI of our Amended and Restated Certificate of Incorporation so that it would read in its entirety as follows (amended or new language is underlined and italicized for effect):

"VI.

- A. The liability of the directors and officers of the Company for monetary damages for breach of fiduciary duty as a director or officer shall be eliminated to the fullest extent permitted under applicable law."

The proposed Certificate of Amendment reflecting the Amendment is attached as Annex A to this proxy statement.

If the Exculpation Proposal is approved by our stockholders, the Amendment will become effective immediately upon the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware, which we expect to file promptly after the Annual Meeting. The remainder of our Amended and Restated Certificate of Incorporation will remain unchanged after effectiveness of the Amendment. If the Exculpation Proposal is not approved by our stockholders, the Amendment will not become effective, and our Amended and Restated Certificate of Incorporation will remain unchanged. In accordance with the DGCL, our Board may elect to abandon the Amendment without further action by our stockholders at any time prior to the effectiveness of the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware, notwithstanding stockholder approval of the Amendment at the Annual Meeting.

Vote Required

In accordance with the provisions of our Amended and Restated Certificate of Incorporation, the affirmative vote of the holders of at least 66 2/3% of the voting power of our shares of common stock outstanding as of the record date for the Annual Meeting is required to approve the Exculpation Proposal.

Recommendation

Our Board unanimously recommends that you vote "**FOR**" the approval of the Exculpation Proposal.

The virtual meeting format for the Annual Meeting will enable participation by our stockholders from anywhere in the world at little to no cost, which we believe enhances stockholder access to the Annual Meeting and communication with management and the Board. We have structured the virtual Annual Meeting to afford stockholders an opportunity to participate as they would in an in-person meeting. In order to attend the Annual Meeting, you must pre-register at www.proxydocs.com/NRDS. Upon completing your registration, you will receive further instructions via email, including a unique link that will allow you access to the Annual Meeting and to vote and submit questions. What Is A Notice of Internet Availability of Proxy Materials?

We are pleased to take advantage of SEC rules that allow us to furnish our proxy materials, including this Proxy Statement, over the Internet. As a result, we are mailing to most of our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") instead of a paper copy of the Proxy Materials. The Notice contains instructions on how to access those documents over the Internet and how to submit your proxy via the Internet. The Notice also contains instructions on how to request a paper copy of the Proxy Materials. All stockholders who do not receive the Notice will receive a paper copy of the Proxy Materials by mail or an electronic copy of the Proxy Materials by email. This process allows us to provide our stockholders with the information they need in a timely manner, while reducing the environmental impact and lowering the costs of printing and distributing the Proxy Materials.

The Notice of Internet Availability of Proxy Materials only identifies the items to be voted on at the Annual Meeting. You cannot vote by marking the Notice of Internet Availability of Proxy Materials and returning it.

If you hold your shares in street name, the brokerage firm, bank or other holder of record who is considered the stockholder of record will forward a notice that directs beneficial owners of our common stock to the website where they can access our proxy materials to each beneficial stockholder. Such brokerage firm, bank or other holder of record also will provide each beneficial owner with instructions on how to request a paper or e-mail copy of our proxy materials.

This Proxy Statement and our 2023 Annual Report are available at www.proxydocs.com/NRDS. The Notice and the Proxy Materials are first being made available to stockholders on or about March 15, 2024.

Who Can Vote At The 2024 Annual Meeting?

All stockholders of record of our common stock on the record date and beneficial owners of our common stock on the record date holding a valid proxy for the Annual Meeting from their broker, bank or other nominee giving them the right to vote the shares, are entitled to attend and vote at the Annual Meeting.

Each holder of Class B common stock is entitled to 10 votes per share and each holder of Class A common stock is entitled to one vote per share on all matters submitted to our stockholders for a vote. All classes of our common stock with voting rights will vote together as a single class on all matters described in this proxy statement. As of the record date, there were 77,716,747 shares of common stock outstanding, consisting of 46,031,095 shares of Class A common stock and 31,685,652 shares of Class B common stock. As of the record date, all of our outstanding Class B common stock was held by Tim Chen and his affiliated trusts.

What Votes Need To Be Present To Hold The 2024 Annual Meeting?

Holders of a majority of the voting power of all shares of common stock outstanding on the record date and entitled to vote at the meeting must be present at the Annual Meeting, by remote communication or represented by proxy, to constitute a quorum for the transaction of any business. Proxies marked with abstentions or instructions to withhold votes, as well as broker non-votes (defined below), will be counted as present in determining whether or not there is a quorum. In the absence of a quorum, the holders of a majority of the voting power of the shares of stock present at the meeting may adjourn or postpone such meeting to another time or place.

What Is The Difference Between Holding Shares of Common Stock As A Stockholder of Record and As A Beneficial Owner?

If your shares of common stock are registered directly in your name with the Company's transfer agent, Broadridge, you are considered the "stockholder of record" with respect to those shares and the Notice of Internet Availability of Proxy Materials was sent directly to you.

If your shares of common stock are held with a broker, bank or other nominee, you are considered the "beneficial owner" with respect to those shares. Your broker, bank or other holder of record who is considered the stockholder of record with respect to those shares has forwarded to you a notice directing you to the website where you can access our proxy materials. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares. Your broker, bank or nominee has enclosed voting instructions for you to use in directing the broker, bank or nominee on how to vote your shares.

How Do I Vote If I Am A Stockholder of Record?

If you hold your shares in your own name as a holder of record with our transfer agent, Broadridge, you may vote your shares using one of the following methods (please also see the information provided above and below concerning the difference in how to vote if you hold shares beneficially through a brokerage firm, bank or other nominee instead of as the registered holder – beneficial holders should follow the voting instructions provided by their respective nominees):

If, prior to the Annual Meeting, you vote over the Internet or by telephone, your electronic vote authorizes the named proxies in the same manner as if you signed, dated and returned a proxy card. **If, prior to the Annual Meeting, you vote over the Internet or by telephone, do not return a proxy card or vote at the Annual Meeting unless you intend to revoke your previously submitted proxy.**

How Do I Vote If I Am a Beneficial Owner?

If you hold your shares through a broker, bank or other nominee (that is, in street name), you will receive instructions from your broker, bank or nominee that you must follow in order to submit your voting instructions and have your shares voted at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee how to vote your shares by following the instructions that your broker, bank or other nominee sent to you. You will receive voting instructions for each account that you have with a broker, bank or other nominee. Please instruct your broker, bank or other nominee how to vote your shares using the voting instruction card you received from them. If your broker, bank or other nominee permits you to provide voting instructions via the Internet or by telephone, you may vote that way as well. As a beneficial owner, if you wish to change the directions that you have provided to your broker, bank or other nominee, you should follow the instructions that your broker, bank or other nominee sent to you.

If you do not direct your broker, bank or other nominee how to vote your shares, the broker, bank or other nominee will determine if it has the discretionary authority to vote on each applicable matter. Under applicable law, if you are a beneficial owner, your broker, bank or other nominee only has discretion to vote on certain "routine" matters without your voting instructions. The proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm is considered a routine matter. For all other matters at the Annual Meeting, your broker, bank or other nominee will be unable to vote on your behalf if you do not instruct them how to vote your shares and, if you do not provide voting instructions, your shares will be considered "broker non-votes." Therefore, it is very important for you to vote your shares for each proposal.

If you want to vote in person virtually at the Annual Meeting, you must register in advance at www.proxydocs.com/NRDS. You may be instructed to obtain a legal proxy from your broker, bank or other nominee and to submit a copy in advance of the meeting. Further instructions will be provided to you as part of your registration process.

What Can I Do If I Change My Mind After I Vote?

If you are a stockholder of record, you may change your voting instructions and revoke your proxy before it is exercised by doing any one of the following:

- Timely written notice of revocation to our Chief Legal Officer and Corporate Secretary at 55 Hawthorne Street 10th Floor, San Francisco, CA 94105.
- A timely later-dated vote by telephone or on the Internet or timely delivery of a valid, later-dated proxy.
- Participating in the Annual Meeting live via the Internet and voting again.

Only the latest validly executed proxy that you submit will be counted. Your attendance at the Annual Meeting in person will not cause your previously granted proxy to be revoked unless you vote in person.

If you are a beneficial owner of shares but not the stockholder of record, you may submit new voting instructions by contacting your broker, bank or other nominee.

What items of business will be voted on at the 2024 Annual Meeting and what is the voting recommendation for each?

The table below details information regarding the proposals to be voted on at the 2024 Annual Meeting and the Board's recommendations on how to vote on each proposal, and the effect of abstentions and broker-non-votes.

| Proposal | Voting Options | Board Recommendation |
|--|--|---|
| <p>1 Election of Directors</p> | <ul style="list-style-type: none"> FOR the election of all director nominees named herein WITHHOLD authority to vote for all such director nominees FOR the election of all such director nominees other than any nominees with respect to whom the authority to vote is specifically withheld by indicating in the space provided on the proxy | <p>Our Board recommends that you vote FOR all director nominees</p> |

The stockholders will also act on any other business that may properly come before the Annual Meeting or any postponement, continuation or adjournment thereof.

What Is the Voting Requirement to Approve Each of the Proposals?

| Proposal | Required Vote | Vote Impact | | | |
|---|---|-----------------------------|---------------------------------|----------------------|----------------------|
| | | For | Withhold/ Against | Abstain | Broker Non-Votes |
| 1 Election of Directors | Plurality of the votes cast | For the director nominee(s) | Against the director nominee(s) | — | Not a vote cast |
| 2 Ratification of Appointment of Independent Registered Public Accounting Firm | Majority of the voting power of shares of stock present represented by proxy and entitled to vote thereon | For the proposal | Against the proposal | Against the proposal | — |
| 3 Approval of an Amendment to the NerdWallet, Inc. Amended and Restated Certificate of Incorporation | At least 66 2/3% of the voting power of the outstanding shares of stock | For the proposal | Against the proposal | Against the proposal | Against the proposal |

Although the advisory vote in Proposal No. 2 is not binding, our Board and the Audit Committee will take your vote into consideration in determining future activities.

The affirmative vote of the holders of at least 66 2/3% of the voting power of our shares of common stock outstanding as of the record date for the Annual Meeting is required to approve the Exculpation Proposal. Abstentions and broker non-votes will have the same effect as votes “against” this proposal. Accordingly, stockholders of record are urged to vote “for” the proposal, and beneficial owners of shares are urged to give their broker, bank, or other nominee instructions to vote their shares “for” the proposal.

If any other matter is properly submitted to the stockholders at the annual meeting, its approval generally will require the affirmative vote of the majority of the voting power of shares of stock present or represented by proxy and entitled to vote on the matter. As of the date of this proxy statement, our Board knows of no matter that will be presented for action by the stockholders at the annual meeting other than those discussed in this proxy statement. If any other matter requiring a vote of the stockholders properly comes before the annual meeting, the individuals acting under the proxies solicited by our Board will vote and act as our Board recommends or, if our Board gives no recommendation, according to their best judgments in light of the conditions then prevailing, to the extent permitted under applicable law.

Why did I receive more than one set of voting materials?

If you receive more than one Notice of Internet Availability of Proxy Materials, proxy card or voting instruction card, it means that you have multiple accounts with banks, brokers, other nominees and/or our transfer agent. Please take action with respect to each Notice, proxy card and voting instruction card that you receive.

Where can I find the voting results for the 2024 Annual Meeting?

The Inspector of Elections appointed at the Annual Meeting will tabulate the voting results. We intend to disclose the final voting results in a current report on Form 8-K within four business days of the Annual Meeting. To the extent final voting results are not then available, we will report preliminary voting results in a current report on Form 8-K within four business days of the Annual Meeting and report the final voting results in a current report on Form 8-K as soon as they are available.

Has The Company Taken Steps to Eliminate the Receipt of Duplicative Proxy Materials?

In order to reduce expenses, we are taking advantage of certain SEC rules, commonly known as “householding,” that permit us to send: (i) a single annual report and/or a single proxy statement or (ii) a single Notice of Internet Availability of Proxy Materials to multiple stockholders of record who share an address, unless we have received contrary instructions from one or more of the stockholders. A stockholder of record at a shared address may request additional copies of the annual report, proxy statement or Notice of Internet Availability of Proxy Materials: (1) online through www.investorelections.com/NRDS; (2) via email at paper@investorelections.com or (3) by phone at (866) 648-8133.

If you are a beneficial owner, you may revoke your consent to householding by notifying your broker, bank or other nominee.

Will A List of Company Stockholders Be Available to Inspect?

A list of stockholders of record entitled to vote at the Annual Meeting will be available for inspection by any stockholder, for any purpose germane to the meeting, during normal business hours, for a period of 10 days prior to and including the date of the Annual Meeting, at our corporate headquarters located at 55 Hawthorne Street, 10th Floor, San Francisco, CA 94105. A stockholder may make arrangements to view the stockholder list during this period by email request to our Corporate Secretary at generalcounsel@nerdwallet.com.

Who Should I Call If I Have Any Questions?

If you have any questions about the Annual Meeting, please contact our Chief Legal Officer and Corporate Secretary by email at generalcounsel@nerdwallet.com. If you have any questions about your ownership of our common stock, please contact our transfer agent, Broadridge, via email at shareholder@broadridge.com, by telephone at +1 (844) 998-0339 or visit shareholder.broadridge.com, or contact your broker, bank or other nominee.

Other Matters

Presentation of Stockholder Proposals and Nominations at 2025 Annual Meeting

Stockholders who wish to nominate persons for election to our Board or propose other matters to be considered at our 2025 annual meeting of stockholders (other than Rule 14a-8 stockholder proposals, discussed below) must provide us advance notice of the director nomination or stockholder proposal, as well as the information specified in our Amended and Restated Bylaws. This notice must be received by the Company's Secretary at our San Francisco office located at 55 Hawthorne Street, 10th Floor, San Francisco, CA 94105 no earlier than January 14, 2025 and no later than February 13, 2025. Stockholders are advised to review our Amended and Restated Bylaws, which contain the requirements for advance notice of director nominations and stockholder proposals. In addition to satisfying the requirements under our Amended and Restated Bylaws, stockholders who intend to solicit proxies in support of director nominees other than the Company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act to the Company's Secretary at the Company's San Francisco office no later than March 15, 2025.

The requirements for advance notice of stockholder proposals under our Amended and Restated Bylaws do not apply to proposals properly submitted under Rule 14a-8 under the Exchange Act. The deadline for stockholders to submit proposals to be included in our proxy statement for our 2025 annual meeting of stockholders under Rule 14a-8 under the Exchange Act is December 3, 2024. However, if the date of the 2025 annual meeting of stockholders is changed by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before we begin to print and send our proxy statement for the 2025 annual meeting of stockholders. Proposals by stockholders must comply with all requirements of applicable rules of the SEC, including Rule 14a-8, and be mailed to the Company's Secretary at the Company's San Francisco office on a timely basis.

Submitting a stockholder proposal does not guarantee that we will include it in the Company's proxy statement. We reserve the right to reject, rule out of order or take other appropriate action with respect to any director nomination or stockholder proposal that does not comply with our Amended and Restated Bylaws or Rule 14a-8, as applicable, and other applicable requirements.
